

auto-Lancet "Custom"

Enduring Quality with a Modern Design

The incomparable auto-Lancet™ is the lancing device that has set the standard for quality, comfort, and adjustability since 1983. This re-usable lancing device helps patients obtain capillary blood samples for testing. The auto-Lancet "Custom" adds a new look and size to the famous line of re-usable lancing devices from AMBIMEDINC. Meter and kit manufacturers have a wide selection of barrel colors to match any design, in addition to a customized, debossed logo. The new design is even more compact and comfortable than the traditional auto-Lancet "Classic."

Quality... *that set the standard for re-usable lancing devices and became the choice for glucose meter manufacturers worldwide*

- Same durable, high quality materials
- Compatible with standard industry lancets
- Same precision engineering
- Five (5) year Warranty

Advanced Design...

- More comfortable to grip and activate
- Soft, elastomer barrel in wide selection of colors for customized logo
- Ergonomic adjustable tip
- More compact size in a pen shape
- Faster action and *even more* linear strike than standard-sized auto-Lancet "Classic"

Enhanced Performance... *meeting the needs of today's diabetic market*

- A more linear impact for minimal cell damage and consistent blood sample
- A faster impact to further reduce the sensation and expectation of pain
- Additional depth settings to suit individualized needs for comfort and blood sample
